

THRIVE CONFERENCE

Sponsorship brochure

9th – 10th June 2026

Rimske Terme, Slovenia

thriveconf.com

Xnet
Organizer

What is Thrive Conference?

Organized by
Kompas Xnet company.

Annual IT conference
on Microsoft technologies.

Once known as
“SharePoint days”
(until 2016).

The conference program is
very rich and includes
topics for end users,
managers and IT
professionals.

Advantages of Thrive conference

- ✓ 14 year tradition.
- ✓ Wide range of topics and sessions (Thrive 2025 – 73 sessions in 17 tracks).
- ✓ The sessions are focused on Microsoft technologies.
- ✓ The speakers are top experts, certified by Microsoft.
- ✓ The conference is one of a kind in Slovenia based on the topics and target audience.
- ✓ Due to its affordable price, it is attended by people from neighboring countries.

 **Our attendees come from all over the world**

Why participate in the Thrive Conference?

Security ♦ Power Automate ♦ Power Platform ♦ Microsoft Teams ♦ Admin ♦
Microsoft 365 ♦ On-Premise ♦ Development ♦ AI ♦ SharePoint ♦ End User
♦ Azure ♦ Case Study ♦ SQL ♦ Microsoft BI ♦ Exchange ♦ Data Science

- ✓ An excellent opportunity to strengthen existing business relationships
- ✓ A chance for informal networking and connecting with potential clients
- ✓ A diverse target audience from various industries – from small businesses to corporations and the public sector
- ✓ Networking with IT professionals from around the world
- ✓ Exhibition space to showcase your products and services, located at the heart of the event
- ✓ Opportunity to organize a prize draw at your booth and invite attendees through the mobile app
- ✓ Possibility to take part in the grand prize draw at the end of the conference
- ✓ Option to include promotional materials in conference bags
- ✓ Sponsor presentation as part of event promotion on the official website, social media, and through email campaigns

What attendees say?

Frane Borozan

Syskit Ltd.

"The conference is the best place to get an overview of Microsoft products in Slovenia. If you work with Microsoft solutions on-premises or in the cloud, I truly recommend attending the Thrive Conference. Here you have the opportunity to discuss with industry experts and Microsoft MVPs. This is the best opportunity to gain knowledge about Microsoft products."

Gašper Pavlič

NLB d.d.

"The fact that such a strong Microsoft 365 conference is happening here in Slovenia, meaning that right at home I can listen to MVPs I know from blogs, websites or YouTube channels and especially that I get first-hand knowledge. Above all, so many things happen in just one year in the Microsoft 365 world that you simply can't afford to miss a conference like THRIVE."

Toni Pohl & Martin Grom

ATWORK GmbH

"What motivates us about Thrive Conference is that it's a community driven conference. We see a lot of real-time, real-world knowledge. We learn from experts, we can talk at lunch, share knowledge in person – that motivates us. We truly like this family-style conference. There's really time to discuss with the speakers, exchange knowledge, topics, projects in a very safe environment. That's what we really love about THRIVE."

Sandy Ussia & Brett Lonsdale

LightningTools Ltd.

"I've been attending the Thrive Conference for many years. I was introduced to it by Penny Coventry, a former Microsoft MVP. She loved the event and in 2014 invited me to apply as a speaker. It was a wonderful experience – I met many speakers and the Kompas Xnet team. Since then, I've spoken at the conference several times, and participation has always brought great added value. All the positive feedback on social media also convinced my colleagues to attend. It truly is a fantastic event."

Andrej Krajnc

AGEN RS

"Attending THRIVE conference? The answer is really simple, just like every year: great sessions, great communication with the speakers, MVPs, and gaining all kinds of new experiences and knowledge. So the decision was really easy for me."
